---

Good Afternoon,

The HALS CoC Review and Ranking Committee met this morning to review and rank all 2017 CoC Funded Project Applications submitted in eSNAPS. This email is going to the Project Applicants to notify them of the results of the ranking of their projects, copying the HALS CoC Governance & Monitoring and Ranking Committee members. In the next day, I'll be providing full documentation, including each project rating tool score and the summary of the criteria used by the Monitoring and Ranking Committee. This information will be presented at the HALS CoC Meeting.

If you have any questions, please let me know. Greta
